The financial support of local businesses is greatly appreciated and we pledge to support you with our patronage. The support of other metro businesses and individuals also assists in the development of an outstanding football athletic program. Without this support many of our program's visions and plans will go unfulfilled. As you may know, the assistance of state funding for public schools has been reduced. Therefore, the burden to grow a state-of-the-art program requires seeking other financial means of support.

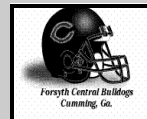

If philanthropic donations of this type meet with your financial desires, please consider the FCHS Touchdown Club. The parents of each player carry a personal responsibility to the program through Touchdown Club Memberships. Additional information on these Memberships for family members is also provided below. *Thank you!*
